FOR THE THIRD CONSECUTIVE YEAR
October 2025

EDMOND
DE ROTHSCHILD

ANNOUNCEMENT

**By investing in green
and sustainable bonds
issued by corporates
from emerging markets,**

Edmond de Rothschild Fund EM Climate Bonds plays a crucial role in redirecting capital to regions where financing for the transition is most needed.

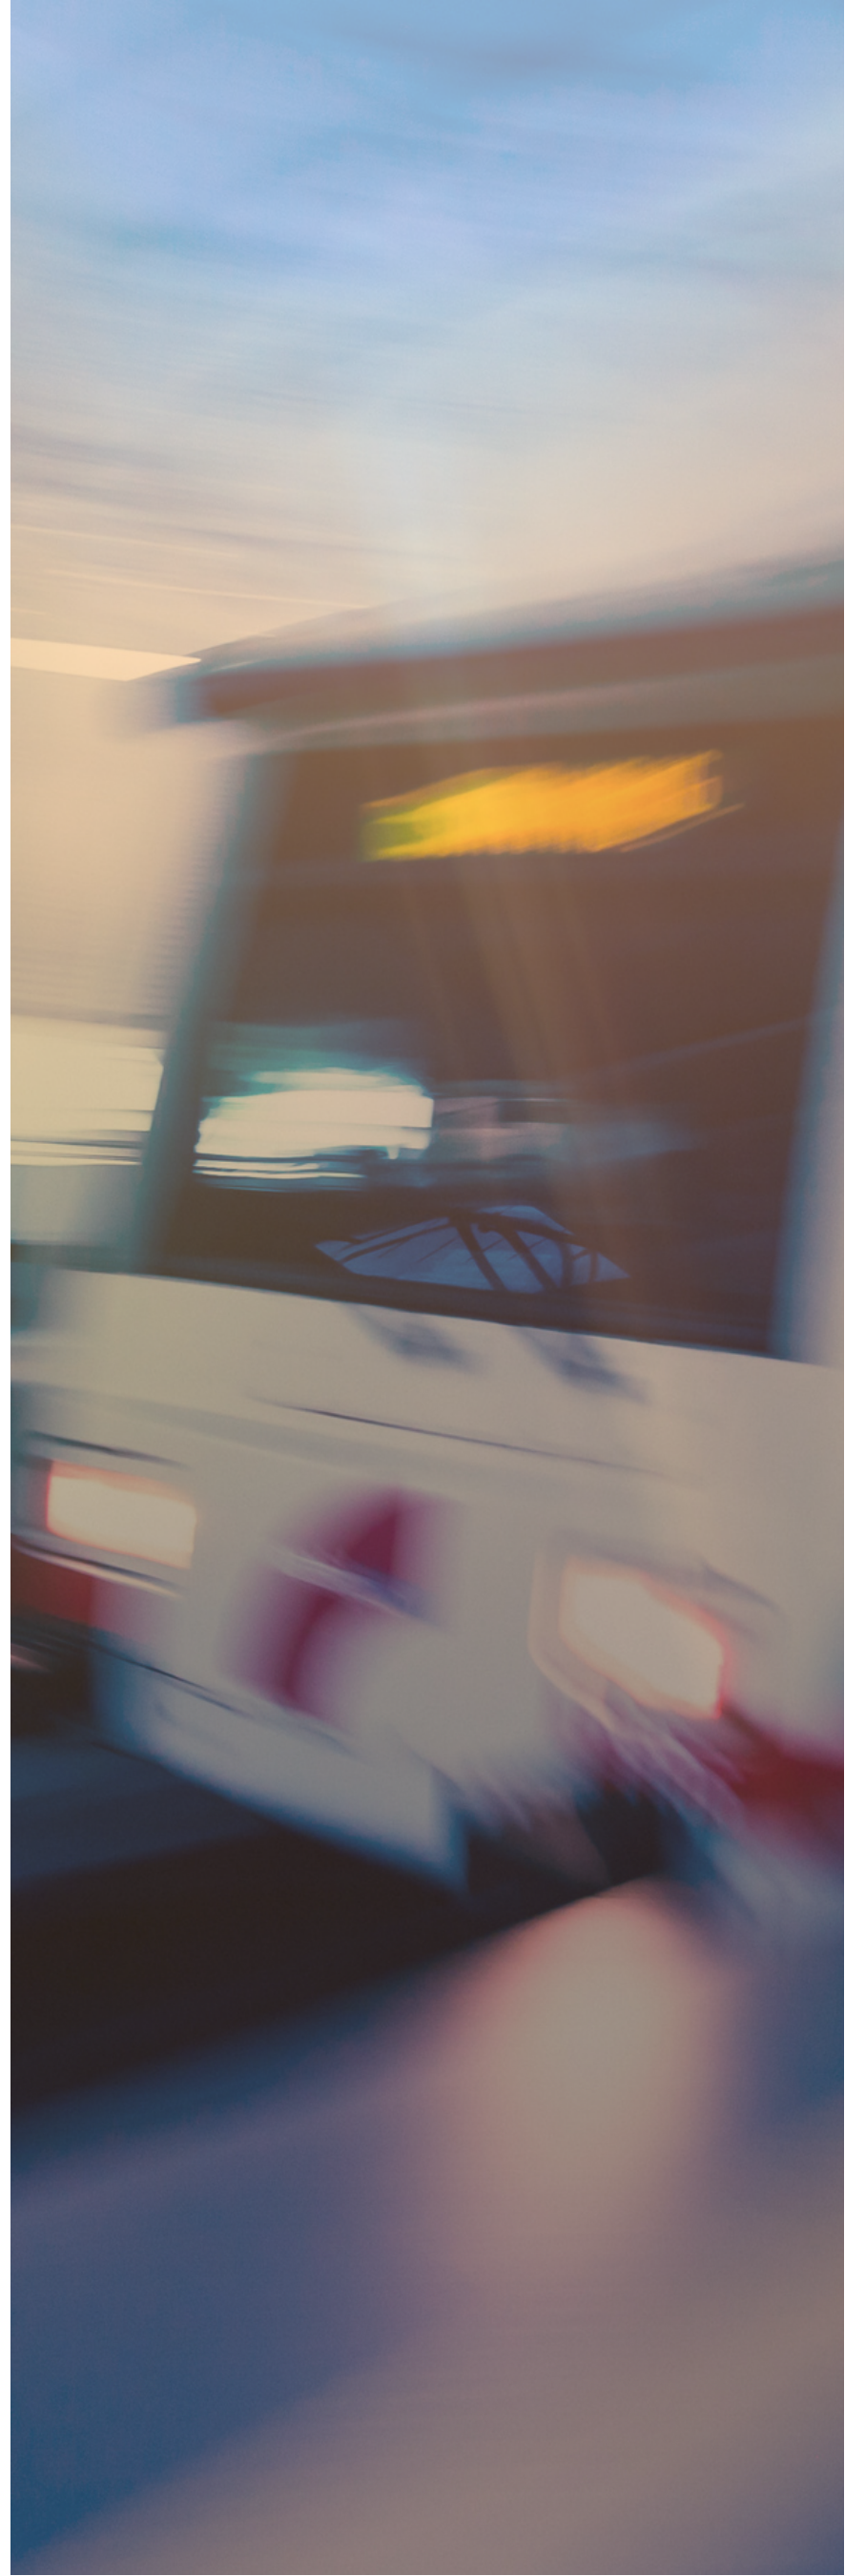

ANNOUNCEMENT

**With a minimum of 75%
of labelled bonds,
the strategy focuses on projects
delivering measurable
and truly positive impacts.**

Currently, one of the few 1.6°C aligned funds globally.
Among the first Article 9 funds in its category.

ANNOUNCEMENT

Beyond impact
and scale,
the strategy
supports next-
generation
technologies
in energy,
transport,
and industry.
