

MiFID II product governance / Retail investors, professional investors and eligible counterparties target market

– Solely for the purposes of the manufacturer's product approval process, the target market assessment in respect of the Notes, taking into account the five (5) categories referred to in item 18 of the Guidelines published by the European Notes and Markets Authority (**ESMA**) on 5 February 2018, has led to the conclusion that: (i) the target market for the Notes is eligible counterparties, professional clients and retail clients, each as defined in Directive 2014/65/EU (as amended, **MiFID II**); and (ii) all channels for distribution to eligible counterparties and professional clients are appropriate; and (iii) the following channels for distribution of the Notes to retail clients are appropriate - investment advice and portfolio management and non-advised sales and pure execution services, subject to the suitability and appropriateness obligations of the Distributor (as defined below) under MiFID II, as applicable. *The target market assessment indicates that Notes are incompatible with the needs, characteristic and objectives of clients which are fully risk averse or have no risk tolerance or are seeking on-demand full repayment of the amounts invested.* Any person subsequently offering, selling or recommending the Notes (a **Distributor**) should take into consideration the manufacturer's target market assessment; however, a Distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturer's target market assessment) and determining appropriate distribution channels, subject to the Distributor's suitability and appropriateness obligations under MiFID II, as applicable.

DISC and the Consumer Composite Investments (Designated Activities) Regulations 2024 – PROHIBITION OF SALES TO UK RETAIL INVESTORS

– If the Final Terms in respect of any Notes includes a legend entitled “Prohibition of Sales to UK Retail Investors”, the Notes are not intended to be offered, sold, distributed or otherwise made available to, and, with effect from such date, and should not be offered, sold, distributed or otherwise made available to, any retail investor in the United Kingdom (**UK**). For these purposes, a **retail investor** means a person who is either one (or both) of the following: (i) not a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 (**EUWA**); or (ii) not a qualified investor as defined in paragraph 15 of Schedule 1 to the Public Offers and Admissions to Trading Regulations 2024 (**POATRs**). Consequently, no disclosure document required by the FCA Product Disclosure Sourcebook (**DISC**) for offering, selling or distributing the Notes or otherwise making them available to retail investors in the UK will be prepared and therefore offering, selling or distributing the Notes or otherwise making them available to any retail investor in the UK may be unlawful under DISC and the Consumer Composite Investments (Designated Activities) Regulations 2024.

2.3 What are the issuer's specific risks?

The following risks have been identified as being significant and specific to the Issuer and of a nature, should they materialize, to have a significant negative impact on its business activity, its financial position and its access to various sources of financing:

- 1) the counterparty risk is the risk that a customer or counterparty will be unable or unwilling to meet a commitment that it has entered into with the Issuer;
- 2) the market risk is the risk that the Issuer's operating results, financial condition and prospects may be negatively affected by conditions in global financial markets;
- 3) the liquidity risk is the risk that the Issuer will encounter difficulty in realizing assets or otherwise raising funds to meet commitments;
- 4) the operational risk and associated risks include fraud, compliance risks and information systems risk;
- 5) the non-compliance risk relates to the fact that the Issuer operates in a highly regulated environment that imposes costs and significant compliance requirements; changes in regulations may increase the cost and complexity of doing business; and
- 6) the implementation in France of the EU Bank Recovery and Resolution Directive could materially affect the rights of the Noteholders, the price or value of their investment in the Notes and/or the ability of the Issuer to satisfy its obligations under the Notes.

3. KEY INFORMATION ON THE SECURITIES

3.1 What are the main characteristics of securities?

A. General

The debt securities (the "Notes") issued by the Issuer are Notes with the amount (if any) payable as interest being fixed. The Notes are identified by the ISIN Code XS3430769672.

The maximum nominal amount of the Notes offered is USD 900,000, represented by 180 Notes with a specified denomination of USD 5,000 each. (the **Specified Denomination**)

The issue price is 100% of the aggregate nominal amount.

The Notes are denominated in US Dollar (the **Specified Currency**) and the redemption amount payable in respect of the Notes will be in the Specified Currency.

The Notes will be issued on 08 July 2026 (the **Issue Date**) in the form of dematerialized bearer securities. The **Maturity Date** of the Notes will be 08 July 2030.

The Notes are governed by English Law.

B. Ratings

Not applicable, the Notes have not been rated.

C. Description of the rights, ranking and restrictions attached to the Notes

The Notes will constitute direct, unconditional, unsubordinated and unsecured obligations of the Issuer and rank *pari passu* among themselves and (save for certain obligations required to be preferred by law) equally with all other present and future unsecured and unsubordinated obligations of the Issuer, from time to time outstanding.

Provided that, the Notes have not been previously redeemed, cancelled or purchased, Noteholders have the right to receive payments on account of interest and principal.

D. Interest

The Notes are Fixed Rate Notes: The Notes bear interest at the fixed rate of 4.60 per cent. per annum. Interest will be paid semi-annually in arrears on 08 July and 08 January in each year, subject to the Following Business Day Convention. The first Interest Payment Date shall be 08 January 2027.

E. Redemption

Final Redemption:

Unless previously redeemed or purchased and cancelled, the Notes will be finally redeemed by the Issuer, by way of cash settlement, on the Maturity Date at 100 per cent. of their nominal amount.

F. Other redemption events:

The Issuer may redeem early any or all FATCA Affected Notes and, in circumstances where the Issuer elects not to redeem a FATCA Affected Note, the holder of such FATCA Affected Note can subsequently request the Issuer to redeem such FATCA Affected Note, at its nominal amount.

A **FATCA Affected Note** means a Note in respect of which (i) the Issuer has or will become obliged to make any withholding or deduction pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986, as amended (the **Code**) or any withholding or deduction otherwise imposed pursuant to Sections 1471 through 1474 of Code, or any fiscal or regulatory legislation, rules or practices adopted pursuant to any intergovernmental agreement entered into in connection with the implementation of such sections of the Code and (ii) such obligation cannot be avoided by the Issuer taking reasonable measures available to it.

In addition, the Issuer has the right to redeem the Notes prior to the Maturity Date on 08 July 2028, at their aggregate nominal amount subject to prior notice to Banque Internationale à Luxembourg and the Noteholders, and in accordance with the Following Business Day convention.

3.2 What are the main risks specific to securities?

There are risk factors which are material for the purpose of assessing the risks related to the Notes, including the following:

- 1) Investment in Notes which bear interest at a fixed rate involves the risk that subsequent changes in market interest rates may adversely affect the value of the relevant Notes. While the nominal interest rate of the Fixed Rate Notes is fixed during the term of such Notes, the current interest rate on the capital markets ("market interest rate") typically varies on a daily basis. As the market interest rate changes, the market value of the Fixed Rate Notes would typically change in the opposite direction. If the market interest rate increases, the market value of the Fixed Rate Notes would typically fall, until the yield of such Notes is approximately equal to the market interest rate. If the market interest rate falls, the market value of the Notes would typically increase, until the yield of such Notes is approximately equal to the market interest rate. The degree to which the market interest

rate may vary presents a significant risk to the market value of the Fixed Rate Notes if a Noteholder were to dispose of such Notes.

- 2) The Notes may have no established trading market when issued, and one may never develop; if a market does develop, it may not be very liquid; illiquidity may have an adverse effect on the market value of the Notes.
- 3) French insolvency law could have an adverse impact on Noteholders seeking repayment in the event that the Issuer were to become insolvent and could have a material adverse effect on the market value of the Notes.

4. KEY INFORMATION ON THE PUBLIC OFFER OF SECURITIES AND/OR ADMISSION TO TRADING ON A REGULATED MARKET

4.1 Under what conditions and according to what timetable can I invest in this security?

The Notes are expected to be admitted to trading on the Luxembourg Stock Exchange market on the Issue Date.

4.2 Why is this prospectus being prepared?

The prospectus is drawn up so that the Notes may be admitted to listing on the Official List of the Luxembourg Stock Exchange.

The net proceeds from the issue of the Notes of up to USD 900,000 will be used for the general financing needs of the Issuer.
