

MiFID II product governance / Retail investors, professional investors and eligible counterparties target market

– Solely for the purposes of the manufacturer's product approval process, the target market assessment in respect of the Notes, taking into account the five (5) categories referred to in item 18 of the Guidelines published by the European Notes and Markets Authority (ESMA) on 5 February 2018, has led to the conclusion that: (i) the target market for the Notes is eligible counterparties, professional clients and retail clients, each as defined in Directive 2014/65/EU (as amended, **MiFID II**); and (ii) all channels for distribution to eligible counterparties and professional clients are appropriate; and (iii) the following channels for distribution of the Notes to retail clients are appropriate - investment advice and portfolio management and non-advised sales and pure execution services, subject to the suitability and appropriateness obligations of the Distributor (as defined below) under MiFID II, as applicable. *The target market assessment indicates that Notes are incompatible with the needs, characteristic and objectives of clients which are fully risk averse or have no risk tolerance or are seeking on-demand full repayment of the amounts invested.* Any person subsequently offering, selling or recommending the Notes (a **Distributor**) should take into consideration the manufacturer's target market assessment; however, a Distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturer's target market assessment) and determining appropriate distribution channels, subject to the Distributor's suitability and appropriateness obligations under MiFID II, as applicable.

PRIIPs Regulation – PROHIBITION OF SALES TO EEA RETAIL INVESTORS WITHOUT KID – The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area (**EEA**) without an updated key information document required by Regulation (EU) No 1286/2014 (as amended, the **PRIIPs Regulation**) for offering or selling the Notes or otherwise making them available to retail investors in the EEA. For these purposes, a **retail investor** means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of MiFID II; (ii) a customer within the meaning of Directive (EU) 2016/97, as amended, where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in Regulation (EU) 2017/1129, as amended (the **Prospectus Regulation**).

UK PRIIPs Regulation – PROHIBITION OF SALES TO UK RETAIL INVESTORS – The Notes are not intended to be offered, sold or otherwise made available to, and should not be offered, sold or otherwise made available to, any retail investor in the United Kingdom (**UK**). For these purposes, a **retail investor** means a person who is one (or more) of: (i) a retail client, as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 (**EUWA**); (ii) a customer within the meaning of the provisions of the FSMA and any rules or regulations made under the FSMA to implement Directive (EU) 2016/97, where that customer would not qualify as a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the EUWA; or (iii) not a qualified investor as defined in Article 2 of Regulation (EU) 2017/1129 as it forms part of domestic law by virtue of the EUWA. Consequently, no key information document required by Regulation (EU) No 1286/2014 as it forms part of domestic law by virtue of the EUWA (the **UK PRIIPs Regulation**) for offering or selling the Notes or otherwise making them available to retail investors in the UK has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the UK may be unlawful under the UK PRIIPs Regulation.

DISC and the Consumer Composite Investments (Designated Activities) Regulations 2024 – PROHIBITION OF SALES TO UK RETAIL INVESTORS – If the Final Terms in respect of any Notes includes a legend entitled “Prohibition of Sales to UK Retail Investors”, the Notes are not intended to be offered, sold, distributed or otherwise made available to, and, with effect from such date, and should not be offered, sold, distributed or otherwise made available to, any retail investor in the United Kingdom (**UK**). For these purposes, a **retail investor** means a person who is either one (or both) of the following: (i) not a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 (**EUWA**); or (ii) not a qualified investor as defined in paragraph 15 of Schedule 1 to the Public Offers and Admissions to Trading Regulations 2024 (**POATRs**). Consequently, no disclosure document required by the FCA Product Disclosure Sourcebook (**DISC**) for offering, selling or distributing the Notes or otherwise making them available to retail investors in the UK will be prepared and therefore offering, selling or distributing the Notes or otherwise making them available to any retail investor in the UK may be unlawful under DISC and the Consumer Composite Investments (Designated Activities) Regulations 2024.

ANNEX

SUMMARY

This section constitutes the summary that will be used for the issue of the Notes.

1. INTRODUCTION AND DISCLAIMERS

Edmond de Rothschild France (**the Issuer**) is a société anonyme with an executive board (*Directoire*) and a supervisory board (*Conseil de Surveillance*), whose registered office is located at 47 rue du Faubourg Saint-Honoré, 75008 Paris, France.

This document constitutes the Summary to the prospectus dated 12 June 2026 in respect of the Notes described herein for the purpose of Regulation (EU) 2017/1129, as amended (the **Prospectus Regulation**) and must be read in conjunction with:

- the Base Prospectus approved on 24 April 2026 by the CSSF in Luxembourg, 283 route d'Arlon L-1150 Luxembourg, email: direction@cssf.lu, as competent authority under the Prospectus Regulation, and its supplements, if any (the **Base Prospectus**), completed by
- the Final Terms dated 12 June 2026 (the **Final Terms**),

which together constitute a prospectus for the purposes of the Prospectus Regulation containing the necessary information concerning the issuer and the securities offered to the public or to be admitted to trading on a regulated market.

Full information on the Issuer and the issue of the Notes is only available on the basis of the combination of the Base Prospectus and the Final Terms.

Warning to the reader

This Summary should be read as an introduction to the Final Terms. Any decision to invest in the Notes should be based on a thorough review of the Base Prospectus as a whole, including any documents incorporated by reference thereto, any supplement from time to time and the Final Terms, by the investor.

An investor may lose all or part of the capital invested in the Notes issued by the Issuer. Where an action relating to the information contained in the Base Prospectus is brought before a court, the plaintiff investor may, under national law, be required to bear the costs of translation of the Base Prospectus before the commencement of the legal proceedings.

Civil liability will only be sought from the persons who filed the Summary, including any translation thereof, but only if the contents of the Summary are found to be misleading, inaccurate or inconsistent when read together with other parts of the Base Prospectus and the Final Terms or if it does not provide, when read together with the other parts of the Base Prospectus and the Final Terms, key information to assist investors when considering investing in such Notes.

2.3 What are the issuer's specific risks?

The following risks have been identified as being significant and specific to the Issuer and of a nature, should they materialize, to have a significant negative impact on its business activity, its financial position and its access to various sources of financing:

- 1) the counterparty risk is the risk that a customer or counterparty will be unable or unwilling to meet a commitment that it has entered into with the Issuer;
- 2) the market risk is the risk that the Issuer's operating results, financial condition and prospects may be negatively affected by conditions in global financial markets;
- 3) the liquidity risk is the risk that the Issuer will encounter difficulty in realizing assets or otherwise raising funds to meet commitments;
- 4) the operational risk and associated risks include fraud, compliance risks and information systems risk;
- 5) the non-compliance risk relates to the fact that the Issuer operates in a highly regulated environment that imposes costs and significant compliance requirements; changes in regulations may increase the cost and complexity of doing business; and
- 6) the implementation in France of the EU Bank Recovery and Resolution Directive could materially affect the rights of the Noteholders, the price or value of their investment in the Notes and/or the ability of the Issuer to satisfy its obligations under the Notes.

3. KEY INFORMATION ON THE SECURITIES

3.1 What are the main characteristics of securities?

A. General

The debt securities (the "**Notes**") issued by the Issuer are structured Notes with no interest payable and the cash amount payable on redemption being linked to the performance of the €STR rate calculated by the European Central Bank (or any successor) (the **Underlying**). The Notes are identified by the ISIN Code XS3400977776.

The maximum nominal amount of the Notes offered is EUR 1,055,000, represented by 1,055 Notes with a specified denomination of EUR 1,000 each (the **Specified Denomination**).

The issue price is 100% of the aggregate nominal amount.

The Notes are denominated in Euro (the **Specified Currency**) and the redemption amount payable in respect of the Notes will be in the Specified Currency.

The Notes will be issued on 12 June 2026 (the **Issue Date**) in the form of dematerialized bearer securities. The **Maturity Date** of the Notes will be 12 June 2028.

The Notes are governed by English Law.

B. Ratings

Not applicable, the Notes have not been rated.

C. Description of the rights, ranking and restrictions attached to the Notes

The Notes will constitute direct, unconditional, unsubordinated and unsecured obligations of the Issuer and rank *pari passu* among themselves and (save for certain obligations required to be preferred by law) equally with all other present and future unsecured and unsubordinated obligations of the Issuer, from time to time outstanding.

Provided that, the Notes have not been previously redeemed, cancelled or purchased, Noteholders have the right to receive payments on account of interest (if any) and principal.

If a disruption event or any other event affecting the Underlying or the Notes occurs on any relevant observation or other date:

- the relevant date for valuation of the Underlying affected by the disruption event will be postponed and alternative provisions for valuation of will apply; and

- the Issuer may (i) elect to notify to the Noteholders an early redemption of the Notes, (ii) make such adjustments to the terms and conditions of the Notes as it considers appropriate to reflect the consequences of the disruption event or (iii) elect to redeem the Notes at the Maturity Date on the basis of the capitalization of the market value of the Notes including any costs or gains to the Issuer or its Affiliates in unwinding any hedging arrangements entered into in respect of the Notes during the period starting on or around the date of occurrence of the relevant event to the Maturity Date.

D. Interest

The Notes do not bear any interest.

E. Redemption

Final Redemption:

Unless previously redeemed or purchased and cancelled, the Notes will be finally redeemed by the Issuer, by way of cash settlement, on the Maturity Date. The investor will receive a cash settlement amount per Note in the Specified Currency equal to the following **Final Redemption Amount** calculated by reference to the performance of the Underlying as follows, expressed as a percentage:

$$100\% * [1 + (rate_{\text{€ster}_{capitalized}} + 0.15\%) * d_C / 360]$$

Where

« d_C » is the number of calendar days between the Issue Date (included) and the Redemption Date (excluded)

« $rate_{\text{€ster}_{capitalized}}$ » is the capitalized €STR rate, that can be a positive or negative number, calculated in accordance with the methodology described below:

$$rate_{\text{€ster}_{capitalized}} = \left(\prod_{i=1}^{i=d_0} \left(1 + \frac{n_i \times \text{€str}_i}{360} \right) - 1 \right) * \frac{360}{d_C}, \text{ rounded to the 9th decimal place.}$$

where

« d_0 » is the number of TARGET business days between the Issue Date (included) and the Redemption Date (excluded)

« i » is a series of integers going from 1 to d_0 , each corresponding, in chronological order, to a TARGET business day in the interest period.

« n_i » is the number of calendar days between TARGET business day i and the following business day TARGET.

« €str_i » is the Reference Rate €STR of the TARGET business day « i ».

The “€STR Reference Rate” for a TARGET business day is the €STR rate calculated by the European Central Bank (or any successor). It is published on the following business day (Bloomberg ESTRON Index). The rate used for the last 10 business days is the rate of the business day 10 business days before the maturity date.

F. Other redemption events:

The Notes may be redeemed early following certain disruption events or adjustment events affecting the Underlying at an amount determined by the Calculation Agent as of the date for such early redemption in its absolute discretion (acting reasonably) based on the market value of the Notes as determined by the Calculation Agent and by deducting the cost to the Issuer of unwinding any contractual or swap arrangement concluded by it for the purpose of hedging its obligations under the Notes.

The Issuer may redeem early any or all FATCA Affected Notes and, in circumstances where the Issuer elects not to redeem a FATCA Affected Note, the holder of such FATCA Affected Note can subsequently request the Issuer to redeem such FATCA Affected Note, at an amount determined by the Calculation Agent as of the date for such early redemption in its absolute discretion (acting reasonably) based on the market value of the Notes as determined by the Calculation Agent and by deducting the cost to the Issuer of unwinding any contractual or swap arrangement concluded by it for the purpose of hedging its obligations under the Notes.

A **FATCA Affected Note** means a Note in respect of which (i) the Issuer has or will become obliged to make any withholding or deduction pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986, as amended (the **Code**) or any withholding or deduction otherwise imposed pursuant to Sections 1471 through 1474 of Code, or any fiscal or regulatory legislation, rules or practices adopted pursuant to any intergovernmental agreement entered into in connection with the implementation of such sections of the Code and (ii) such obligation cannot be avoided by the Issuer taking reasonable measures available to it.

3.2 What are the main risks specific to securities?

There are risk factors which are material for the purpose of assessing the risks related to the Notes, including the following:

- 1) The Final Redemption Amount of the Notes is dependent upon changes in the market value of the Underlying, which could adversely affect the market value of the Notes.
- 2) The Notes are not principal protected and investors are exposed to the performance of the Underlying; accordingly, they risk losing all or a part of their investment if the value of the Underlying does not move in a positive direction.
- 3) The Notes may have no established trading market when issued, and one may never develop; if a market does develop, it may not be very liquid; illiquidity may have an adverse effect on the market value of the Notes.
- 4) French insolvency law could have an adverse impact on Noteholders seeking repayment in the event that the Issuer were to become insolvent and could have a material adverse effect on the market value of the Notes.
- 5) The risks associated with the provisions of Regulation (EU) 2016/1011 (the so-called Benchmark Regulation), which may have an adverse effect on the performance of the Underlying or lead to its disappearance and as a consequence, could have an adverse effect on the value or liquidity of, and return on, the Notes.
- 6) If a disruption event or any other event affecting the Underlying or the Notes (a **Disruption Event**) occurs on an any relevant observation or other date:
 - any consequential postponement of the relevant date or alternative provisions for valuation provided in the terms and conditions of such Notes may have an adverse effect on the value and liquidity of such Notes; and
 - the Issuer may (i) elect to notify to the Noteholders an early redemption of the Notes or (ii) make such adjustments to the terms and conditions of the Notes as it considers appropriate to reflect the consequences of the Disruption Event or (iii) elect to redeem the Notes at the Maturity Date on the basis of the capitalization of the market value of the Notes including any costs or gains to the Issuer or its Affiliates in unwinding any hedging arrangements entered into in respect of the Notes.
- 7) Movements in the level of the index or indices may be subject to significant fluctuations that may not correlate with changes in the relevant index or indices and the timing of changes in the relevant level of the index or indices may affect the actual yield of the Notes. The market price of the Notes may be volatile and may depend on the time remaining to the redemption date and the volatility of the level of the index or indices. The level of the index or indices may be affected by the economic, financial and political events in one or more jurisdictions, including but not limited to the stock exchange(s) or quotation system(s) on which any securities comprising the index or indices may be traded. Noteholders are exposed to the risk that changes in the levels of the index or indices may adversely affect the value of the Notes.

- 8) €STR is published by the European Central Bank (the ECB) and is intended to reflect the wholesale euro unsecured overnight borrowing costs of banks located in the Euro area and to serve as a backstop reference rate for existing benchmark rates produced by the private sector.

The ECB may (i) materially change the €STR methodology or €STR determination process, or (ii) cease the determination and publication of €STR.

Since €STR is published by the ECB based on data received from other sources, the Issuer has no control over its determination, calculation or publication. There can be no guarantee that €STR will not be discontinued or fundamentally altered in a manner that is materially adverse to the interests of holders of €STR-linked Notes. If the manner in which €STR is calculated is changed, that change may result in a reduction of the amount payable on the relevant Notes and the trading price of such Notes. Furthermore, €STR in respect of any calendar day may be zero or negative.

The trading price of €STR-linked Notes may be lower than securities linked to other benchmarks that are more widely used. Holders of €STR-linked Notes may not be able to sell their Notes at all or may not be able to sell them at prices that will provide the holders with a yield comparable to similar investments that have a developed secondary market, and may consequently suffer from increased pricing volatility and market risk.
