### Edmond de Rothschild Asset Management\* honoured at the European Pensions Awards 2014

Edmond de Rothschild Asset Management was awarded the Currency Manager of the Year award at the European Pensions Awards on June 26 in London.

The Edmond de Rothschild Group was also nominated in the Investment Manager of the Year category.

The European Pensions Awards recognise outstanding achievement in European pension provision, honouring investment firms, consultancies and pension providers across Europe. This is one of the biggest events in European institutional asset management awards.

Edmond de Rothschild Asset Management beat five major rivals to win the Currency Manager of the Year trophy, recognition of our growing European pension fund business and the high quality and originality of our expertise in Currency Overlay Management.

The Edmond de Rothschild Group was one of the first continental European banking groups (first from Switzerland) to offer Currency Overlay Management at the end of the 1990s. This solution is used by pension funds to hedge their international investments, companies with international exposure and family offices for their currency investments.
